High-Impact “Surge Events”

Atlanta hosts major sporting events, exhibits, conventions, and meetings on a routine basis. Many of these events bring in an extraordinary number of general aviation aircraft into the PDK Airport due to its central location. Airport staff works through its Airport Advisory Board and other mediums to notify the local communities of any events that may generate a greater number of aircraft operations into and out of the airport over a short period of time, especially if over a weekend or at night.
